Sales Log of  
**FEMCO FARMS**

*First*

Annual  
Shorthorn  
Sale

**Femco Farms herdsman, Claude Goltz; owner, George Cox; and manager, Ed. Johnson with a pair of typical, Femco Farms heifers. You will see a lot of this kind of top quality Shorthorns on Monday, June 20th.**

## **Welcome to Femco Farms**

**We at Femco Farms extend to you a special invitation to be our guest and to inspect the cattle that will be offered in our First Annual Auction Sale on Monday, June 20th. We hope you can come early and inspect our herd bull battery and breeding cow herd as well.**

**We secured our first Shorthorns early in 1946, and when the Nationally known Femco Farms was offered for sale later that year, we purchased it and have since continuously been building the herd near Breckenridge, Minnesota.**

**Shorthorns seem to thrive and do wonderfully well in this rich Red River Valley and the rapidity with which the herd has expanded has been amazing. Our initial goal of our First Annual Sale to be held in 1949 even then might have been a little premature because we found that in making a sizeable sale offering we had to offer several groups of cattle that were fully intended for our own breeding herd. We are happy to do this though because we are in the Shorthorn business to stay and to grow BIGGER and BETTER with the breed. ANNUAL SALES are a part of our future planned program as a means of further boosting Femco Farms Shorthorns. We hope you can join us in our initial event on June 20th.**

**George Cox, owner,  
Grand Forks, North Dakota**

## TERMS AND CONDITION

**HEALTH** - All cattle have been Bangs and T. B. tested within 30 days of sale date. Health Certificates will be provided to comply with the health requirements of any State or of any herd. All calves at Femco Farms are officially vaccinated for Bangs with strain 19 between the ages of four and eight months. They also have a prenegative test prior to vaccination.

**GUARANTEE** - All Cattle in this sale will be sold under the standard guarantee endorsed by the American Shorthorn Breeders Association. Certificates of registry and transfer will be furnished with each lot sold. Shipment will be made as soon as possible after the close of the sale without trouble to the purchaser, but at their risk of loss or injury.

**TERMS** - Cash.

**ATTENTION** - Neither the Owners or the Sale Manager assumes any responsibility for accidents incurred sale day but will take every precaution for the safety of our guests.

PRINCE ROYAL - One of the most talked about bulls of the breed because of his splendid type and conformation. He is sired by Cruggleton Reminder by Cruggleton Perfect. Cruggleton Perfect's calves averaged \$7,140 at Perth in 1944. All females by him topped the Aberdeen sales of 1943 and the Perth Sales of 1944. He also sired Beaufort Backsight, that sold to the Argentine for \$48,000. He was also the sire of the 1949 Perth Grand Champion bull, Cruggleton Account, that sold for \$30,000. Fifteen females sell with calves at foot or with his valuable mating. His dam, Drynie Brawith 36th is a daughter of Naemoor Immaculate whose daughters have probably produced as many outstanding cattle in Scotland as has those of any other one sire.

FEMCO METAPHOR - One of our Junior Imported herd sires that will be mated to the daughters of Prince Royal. He is by Uppermill Metaphor and out of a daughter of Uppermill Autocrat. We want you to be sure and see this strong headed, short legged bull on sale day.

Photo of Edellyn Renown Mercury as a calf when he was purchased for \$6200 at the 1946 Edellyn Farm Sale, Wilson, Illinois. Note the heavy bone, strong head, ruggedness and level lines. His calves possess these same characteristics and are the kind that are easy to sell at strong prices.

EDELLYN RENOWN MERCURY would be an attraction in any sale and because of our strong herd bull strength at the present time, and limited number of females, we are offering him in this sale. We purchased him for \$6,200 in the 1946 Edellyn Farms Sale. He is a full brother to Arnold Bros. \$6,000 Edellyn Reliant Mercury. His calves will sell him to anyone wanting a really proven sire. He sired the 1949 Valley City Reserve Champion bull. Bull calves by him have sold readily at the farm up to \$1,000 per head. He is just in his prime and no better "Mercury" will sell this year.

FEMCO COMRIE - Red, Calved February 15, 1948. - Femco Comrie is a good headed, short-legged bull that will make a top breeding bull. His sire, Imp. Uppermill Comrade was purchased in the 1946 Perth Sale by James Napier for approximately \$8,000 after he inspected his dam and determined that she, a daughter of the Perth Champion, Royal Rothies, was the best cow in the James Durno herd. Uppermill Comrade is a half-brother to such famous bulls as Collynie Elect and Collynie State Express.

We purchased Sni-A-Bar Rosewood 17th in the Sni-A-Bar Dispersion Sale. She was a member of the 1946 Sni-A-Bar Farms Show herd and a member of the winning get-of-sire of the 1946 International Livestock Show.

## THE COVER PAGE PHOTO OF FEMCO FARMS.

This sale promises unusual interest because it will be held on one of the most beautiful farms in the country, 1500 acres of Red River Valley land that has no equal. This farm was originally developed by F. E. Murphy, Minneapolis - Tribune owner, Minneapolis, Minnesota. Its unusual name, Femco, was derived by an abbreviation of the original owners name, the F. E. Murphy Company.

When Mr. George Cox, owner of Cox's Baking Company, Grand Forks, North Dakota, purchased this farm in 1946, he found that it readily lended itself to the production of beef cattle. Thence came Femco Farm Shorthorns and the changes and progress made since then will be readily visible and apparant when you attend the sale on Monday, June 20th.

## 8 IMPORTED FEMALES

The next eight animals listed in this catalog . . . . . from Lot 12 through Lot 19 . . . . . are all Imported females. They were not purchased for speculated purposes. Each was selected for the purpose of bringing into the Femco Farms herd the very choicest blood of Scotland's most noted herds. However, with the planning of this sale additional cattle were needed and they were included as special attractions and to bring and make available some of this same improving blood lines to neighboring herds.

One of them, Tolquhon Eliza 11th, is a daughter of the well known Pittodrie Banker by Aldie Keystone, a half-brother to the sire of Millhills Arthur, one of the champion group at Perth in 1945. Her dam is a granddaughter of Calrossie Control and she sells with a six weeks old heifer calf at foot by Calrossie Dazzler, one of the best sons of the famed Kirkton Baronet. Four of the heifers are sired by sons of Aldie Conqueror and who are half-brothers to such famous bulls as Collynie Elect, Collynie State Express and Uppermill Comrade. Three heifers are daughters of Banchory Craftman by the noted Calrossie Aircraftman. Two of these heifers are mated to Pittodrie Banker, one to Prince Royal and one to Chapelton Royalist. Females like these are seldom exposed for sale in public auctions.

TOLQUHON ELIZA 11TH - A deep, thick daughter of the Champion, Pittodrie Banker. The females from this branch of the Eliza family are consistently good producers. She has a sweet, dark roan, six week old heifer calf at foot sired by Calrossie Dazzler, one of the best sons of Kirkton Baronet that was sold last February by Capt. MacGillivray. Ten sons of Kirkton Baronet averaged \$6670 at the 1948 Perth Sale. The top bull, Calrossie Pibroch at 6000 gns. was one of them. The dam of this heifer is a grand-daughter of Calrossie Control. Here are two grand individuals with breeding hard to beat.

## **Femco Farms offer Stock Consistently Bred to an Ideal**

In Femco Farms I believe that George Cox has one of the finest locations and certainly some of the best facilities for the production of Short-horn cattle that could be found anywhere. In watching him and his Farm Manager, Ed Johnson, and Herdsman, Claude Goldtz, select their breeding stock during the past three years, it was evident that they were striving for only one thing . . . . . a beef animal that will mature early and produce the greatest amount of meat with the least possible cost. They selected their foundation animals from the best herds in Scotland, Canada and the United States, and price was no consideration when they found the animals they wanted.

Call it luck or whatever you may, they did come up early in the stages of building their herd with a young herd bull prospect, PRINCE ROYAL, that has come to be generally regarded by everyone who has seen him as one of the top young bulls of the breed. An examination of this young bulls background will prove that he is "no accident", for his sire is a son of the highly regarded Cruggleton Perfect and a half-brother to the 1949 Perth Grand Champion bull, Cruggleton Account. His dam is the daughter of one of Scotland's greatest sires of top producing females, Naemoor Immaculate.

HERD BULL POWER goes deep at Femco Farms with the presence of two junior herd sires, Femco Control and Femco Metaphor, both royally bred and of the same type as Prince Royal.

It is because of this great herd bull strength that it was possible at this time to offer in this sale such an outstanding bull as Edellyn Renown Mercury. Another young bull that buyers will like a lot is Femco Comrie by Imp. Uppermill Comrie. Either of these bulls will solve herd bull problems in strong herds.

The females in this sale will surprise and please anyone who has not seen them. They are excellent individuals sired by good bulls and mated to good bulls. They include a splendid draft of Imported females, others that were purchased for original use in the Femco herd, and still more good ones that are a result of wise mating and selective breeding here at Femco Farms.

You will find the entire Femco Farm herd represents outstanding middle-of-the-road conformity to the best Shorthorn type . . . . you will find no extremes, no fads . . . . just sound consistent conformity to the ideal of economical beef production.

Seward, Nebraska
